FAMILY FUNERALS

At France Family Funerals, we are committed to providing quality funeral services, whilst maintaining professionalism, compassion and integrity, to those experiencing the loss of a loved one.

We understand losing someone you care about can be a difficult and emotionally overwhelming time for family and friends. As many of our client families have never arranged a funeral service before, we take the time to listen, explain and organise a funeral service that is tailored and personalised for each family we serve.

A funeral is a combination of personal choices made to honour a life and the total cost of a funeral will reflect these choices. France Family Funerals are proud to be a family owned business servicing our local community. We offer a flexible pricing structure with a range of options to allow every individual to receive a tribute tailored to their unique personality.
